NEWS RELEASE

KEX2007-7

Private Placement.

Kent Exploration Inc ("the Company") announces a non-brokered private placement of up to 2,000,000 Units at a price of \$0.20 per Unit. Each Unit will consist of one (1) common share and one (1) non-transferable common share purchase warrant. Each warrant will be exercisable for a period of two (2) years and will entitle the holder to purchase one (1) additional common share in the capital stock of the Company at a price of \$0.30 per common share. Finders fees may be payable on a portion of the private placement in accordance with the policies of the TSX Venture Exchange ("TSX-V").

The gross proceeds from the sale of the up to 2,000,000 units will be \$400,000. C\$185,000 (US\$165,000) of the proceeds are for the recommended, permitted, stage one underground sampling program on the Company's Rosebud property, a gold-silver prospect in northern Arizona. C\$50,000 is for continued work on permitting the Company's Flagstaff property in eastern Washington State, which is highly prospective for gold-silver and lead-zinc mineralization, and the balance for general working capital.

The private placement will close when the final documentation is accepted for filing by the TSX-V.

Kent Exploration Inc is a junior exploration company that has earned a 50% interest in the Ivanhoe Creek property, a Midas-style target in Nevada's Carlin Trend, has a 100% interest in a gold/silver prospect in eastern Washington state, and is earning a 100% interest in the Rosebud property, a gold/silver prospect in northern Arizona.

This News Release has been prepared on behalf of the Kent Exploration Inc Board of Directors, which accepts full responsibility for its contents.

ON BEHALF OF THE BOARD

"Graeme O'Neill"
